**Pattern**  
Construct (Small)™

**Collection**  
Matrix™

**Designer**  
Gensler is known for adapting to the goals and context of each individual project it takes on—and out of this research comes of-the-moment design. Drawing from this ethos, longstanding Chicago glass manufacturer, Skyline Design, launches two avant new patterns in collaboration with Gensler, serving as product design consultant, to create the Matrix decorative glass collection.

**Glass Sizes**  
Up to 72" x 144" depending on glass type and technique

**Glass Types**  
Starphire® low-iron, bronze, or gray tempered safety glass; Mirror; Laminated safety glass; Insulated glass units (IGUs); SDAC™ acoustic control glass; SDX2™ smart glass

**Finishes**  
Matte finishes available for anti-glare and privacy

**Techniques**  
Eco-etch® (1 or 2 sides); Texture™; Digital printing on frosted glass; Digital printing on clear glass; Digital printing with Vitracolor® opaque back-paint

**Glass Thickness**  
1/4", 3/8", 1/2", 3/4" monolithic or laminated

**Customization**  
Pattern scale, fade, rotation, color, glass type, and technique combinations. If you can dream it, Skyline can make it.
