Designer
Gensler is known for adapting to the goals and context of each individual project it takes on—and out of this research comes of-the-moment design. Drawing from this ethos, longstanding Chicago glass manufacturer, Skyline Design, launches two avant new patterns in collaboration with Gensler, serving as product design consultant, to create the Matrix decorative glass collection.

Glass Sizes
Up to 72" x 144" depending on glass type and technique

Glass Types
Starphire® low-iron, bronze, or gray tempered safety glass; Mirror; Laminated safety glass; Insulated glass units (IGUs); SDAC™ acoustic control glass; SDX2™ smart glass

Finishes
Matte finishes available for anti-glare and privacy

Techniques
Eco-etch® (1 or 2 sides); Texture™; Digital printing on frosted glass; Digital printing on clear glass; Digital printing with Vitracolor® opaque back-paint

Glass Thickness
1/4", 3/8", 1/2", 3/4" monolithic or laminated

Customization
Pattern scale, fade, rotation, color, glass type, and technique combinations. If you can dream it, Skyline can make it.
