**Pattern**  
Sunbeam Large™

**Collection**  
CAMAflage™

**Designer**  
A practicing interior designer for over 30 years, Rosalyn Cama has turned the talents of her evidence-based healthcare design studio and laboratory think-tank toward the development of products that serve unmet needs. She does so with her team at Cama Collection, and with like-minded manufacturers such as Skyline Design.

**Glass Sizes**  
Up to 72" x 144" depending on glass type and technique

**Glass Types**  
Starphire® low-iron, bronze, or gray tempered safety glass; Mirror; Laminated safety glass; Insulated glass units (IGUs); SDAC™ acoustic control glass; SDX2™ smart glass

**Finishes**  
Matte finishes available for anti-glare and privacy

**Techniques**  
Eco-etch® (1 or 2 sides); Texture™; Digital printing on frosted glass; Digital printing on clear glass; Digital printing with Vitracolor® opaque back-paint

**Glass Thickness**  
1/4", 3/8", 1/2", 3/4" monolithic or laminated

**Customization**  
Pattern scale, fade, rotation, color, glass type, and technique combinations. If you can dream it, Skyline can make it.
